

Gender Pay Gap Reporting

Reporting for April 2017

Our Commitment

Teaching Personnel is an equal opportunities employer, working with nearly 6,000 teachers, teaching assistants and internal staff across England and Wales.

We are committed to attracting, recruiting and retaining a diverse and inclusive workforce and providing the widest choice and variety of supply teaching jobs, teaching assistant roles and internal opportunities to all.

Our Approach

Our approach is to pay men and women equally for equivalent roles:

- Our pay rates for supply teachers and teaching assistants are set to reflect the skills, qualifications and experience required for the role and the activities that will be undertaken during each individual booking;
- Supply teachers and teaching assistants who have been in a booking for longer than 12 weeks are entitled to parity of pay with full time teachers under the Agency Workers Regulations;
- For our internal staff we use a career framework and detailed job analysis to determine a position, grade level and salary.

Gender Pay Gap Reporting

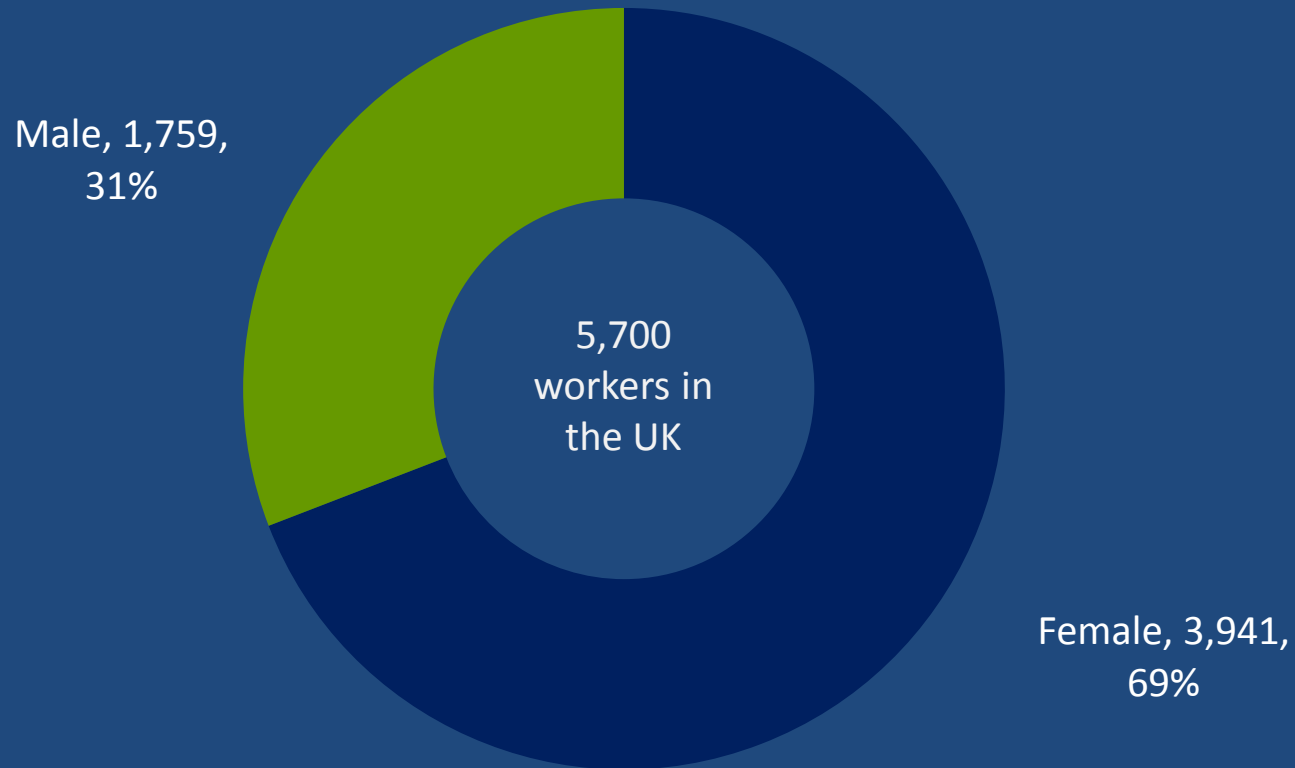

Along with many other companies in the UK we are required to publicly report specific figures about our gender pay gap.

- The mean (average) is calculated when you add up the wages of all employees and divide it by the number of employees. The **mean gender pay gap** is the difference between mean male pay and mean female pay.
- The median is the figure that falls in the middle of a range when everyone's wages are lined up from smallest to largest. The **median gender pay gap** is the difference between the employee in the middle of the range of male wages and the middle employee in the range of female wages.

Gender pay and equal pay are not the same. **Gender pay** looks at the balance of men and women at each level of the organisation, by compensation (pay and bonus). **Equal pay** meanwhile, relates to men and women being paid the same for doing equal work.

Report Statistics

Mean & Median Gender Pay Gap

The figures below show our overall mean and median gender pay gap, along with the mean and median differences in bonuses paid to men and women in our organisation:

Hourly Pay

Mean

6.1%

Median

14.9%

Bonus Pay

Mean

6.2%

Median

-1.4%

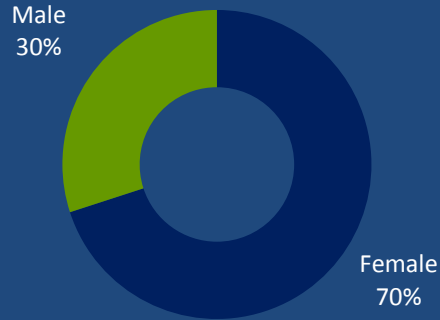

Pay Quartiles

Upper Quartile

Upper Middle Quartile

Lower Middle Quartile

Lower Quartile

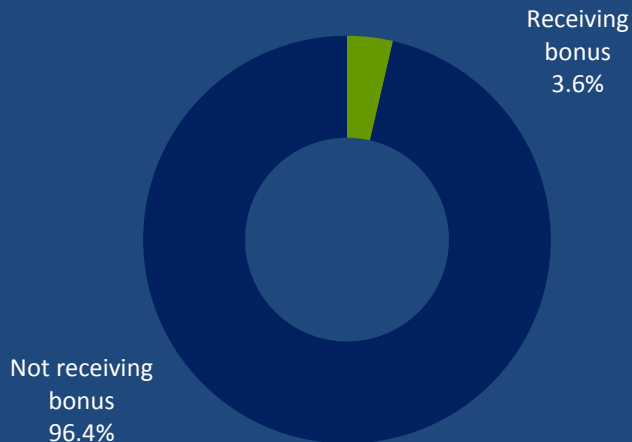

Quartile bands split the workforce into four equal quarters by amount paid. The Upper Quartile includes the top 25% of earners whilst the Lower Quartile contains the lowest 25%.

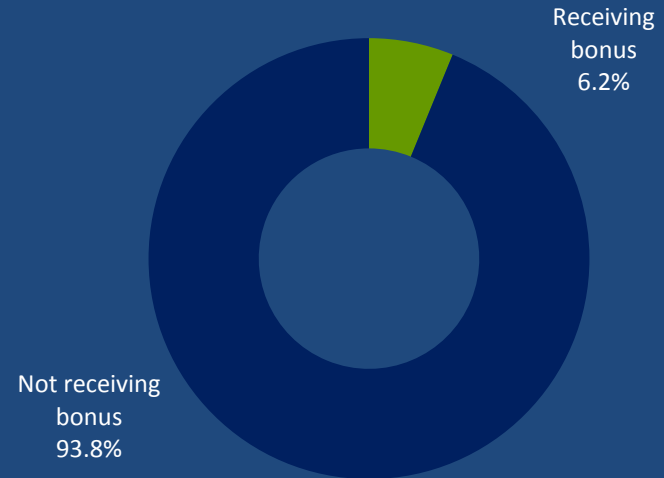

Bonus Pay

Female receiving bonus

Male receiving bonus

The relatively small number of people who work in commercial roles all have the opportunity to receive bonuses or commission for their performance, regardless of gender:

- Of 252 people receiving a bonus or commission, 143 (57%) were female and 109 (43%) were male.
- The median gender gap in bonus pay is -1.4% which means that the midpoint for female bonus pay was marginally higher in the year than it was for male bonus pay.

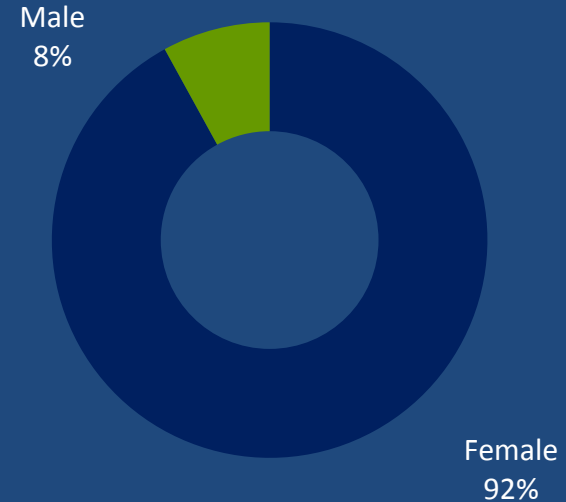

UK & Sector Trends
